Subject Index

- A -

Academia, the role of, in community-based pharmaceutical care, 1352
ACCP Position Paper: collaborative drug therapy management by pharmacists, 1050
ACCP Strategic Planning conference: issues and trends in clinical pharmacy education, 1073
ACCP Strategic Planning conference: issues and trends in clinical pharmacy practice, 1063
ACCP Strategic Planning conference: issues and trends in clinical pharmacy practice, research, and education: an introduction, 1062
ACCP Strategic Planning conference: issues and trends in clinical pharmacy research, 1068
ACCP, 1997 Spring Practice and Research Forum abstracts and index of authors, 181
ACE inhibitors, evaluation of the total cost of treating elderly hypertensive patients with, a comparison of older and newer agents, 1011
Acetaminophen-related acute renal failure without fulminant liver failure, 363
Acid-related diseases and proton pump inhibitors, 22
Acid-related diseases in the elderly, identification, diagnosis, and treatment of: implications for long-term care, 938
Acyclovir and valaciclovir, comparison of, for the treatment of herpes zoster in immunocompetent patients over 50 years of age: a cost-consequence model, 333
Advanced cardiac life support, where do antiarrhythmic agents fit in?, 84S
Allergen bronchoprovocation, use of, to screen drugs for anti-asthma activity, 39S
Amiloride, pharmacokinetics of, after inhalation and oral administration in adolescents and adults with cystic fibrosis, 263
Aminoglycoside adaptive resistance, 549
Aminoglycosides, once-daily administration, pharmaco-economic impact of, 810
Aminopyridine improves pulmonary function in quadriplegic humans with longstanding spinal cord injury, 415
Anagrelide, precipitous fall in platelet count with: case report and critique of dosing recommendations, 822
Angiogenesis inhibitor, TNP-470, the pharmacokinetics of, 91
Angiotensin converting enzyme inhibitors, evaluation of the total cost of treating elderly hypertensive patients with, a comparison of older and newer agents, 1011
Antiarrhythmic agents, a new class III, ibutilide, 1
Antiarrhythmic agents, class III, 76S
Antibiotic therapy, oral, cost of, 302
Antibiotic, intravenous to oral conversion, 271
Antibiotics, a randomized, prospective evaluation of an interventional program to discontinue intravenous, at two tertiary care teaching institutions, 277
Antibiotics, early switch from intravenous to oral, 569
Anticonvulsants and congenital malformations, 561
Antidepressant treatment, female sexual stimulation during, 612
Antidepressants with noradrenergic and specific serotonergic effects, mirtazapine, 10
Antidepressants, hyponatremia in relation to treatment with, 348
Antipsychotics, butyrophenone, conduction disturbances associated with administration of in the critically ill, 531
Antithrombotic therapy after intracoronary stenting, 74
Antivirals, interferon, and cortisone, in the treatment of chronic viral hepatitis: a review of 30 years of therapy, 998
Arachidonic acid metabolites: mediators of inflammation in asthma, 3S
Asthma pharmacotherapy: current practices and outlook, 13S
Asthma, arachidonic acid metabolites, mediators of inflammation in, 3S
Asthma, premenstrual: the effect of estrogen on symptoms, pulmonary function, and beta-2 receptors, 224
Asthma, use of allergen bronchoprovocation to screen drugs to treat, 39S
Atorvastatin calcium: an addition to HMG-CoA reductase inhibitors, 1157
Atracurium- and vecuronium-induced neuromuscular blockade in a critically ill patient, cross-resistance to both, 1322
Atrial fibrillation and atrial flutter, pharmacologic conversion of, to normal sinus rhythm, the role of ibutilide, 177
Atropine to prevent vasovagal reaction during removal of femoral arterial sheaths, 867
Auger, Robert R., in memoriam, 407
Azathioprine-induced multisystem organ failure and cardiogenic shock, 815
Azithromycin, microbiologic effect of bovine cerebrospinal fluid and, against *Neisseria meningitidis*, *Strepococcus pneumoniae*, and *Haemophilus influenzae*, 985
Azithromycin, pharmacokinetics of, after single- and multiple-doses in children, 874
Azithromycin, reduced serum concentrations of theophylline after discontinuation of, 827

- B -

Benzocaine, topical, methemoglobinemia caused by, 1038
Betamethasone-induced leukemoid reaction in a premature infant, 1031
Bleeding, mucous membrane, due to a possible

interaction between warfarin and 5-fluorouracil, 631
Bleomycin-induced pulmonary toxicity, elevation of the erythrocyte sedimentation rate precedes exacerbation of, report of two cases and review of literature, 1315
Bradycardia associated with intravenous administration of tacrolimus in a liver transplant recipient, 1328
Bromfenac, the influence of, on the pharmacokinetics and pharmacodynamic responses to glyburide in diabetic subjects, 783
Bronchoprovocation, allergen, use of, to screen drugs for anti-asthma activity, 39S
Butalbital and Imipramine, possible interaction between, 1041
Butyrophenone antipsychotics in the critically ill, conduction disturbances associated with administration of, 531

- C -

Calcium antagonists, prevention of profibrillatory effects of class I antiarrhythmic drugs in acute myocardial ischemia with, 737
Calcium channel blockers: the present and the future, 408
Cancer pain, treatment insights, 397
Cancer, incidence of, in randomized, controlled trials of verapamil, 1210
Candidiasis, hematogenously disseminated, management of, in the nonneutropenic patient, with fluconazole, 538
Carboplatin and cisplatin, comparative clinical pharmacology of, 140S
Cardiac arrest, treatment of, high-dose versus standard-dose epinephrine, 242
Cardiotoxicity associated with 5-fluorouracil, 729
Carvedilol, pharmacogenetics and heart failure, 637
Cefaclor, ceftibuten, cefixime, and cefuroxime axetil, comparative pharmacokinetics of, in healthy volunteers, 121
Cefixime, cefaclor, ceftibuten, and cefuroxime axetil, comparative pharmacokinetics of, in healthy volunteers, 121
Ceftibuten, cefixime, cefaclor, and cefuroxime axetil, comparative pharmacokinetics of, in healthy volunteers, 121
Ceftibuten: an overview, 707
Cefuroxime axetil, ceftibuten, cefixime, and cefaclor, comparative pharmacokinetics of, in healthy volunteers, 121
Cephalosporins, oral, pharmacodynamic activity of, against *Haemophilus influenzae*, 235
Ciprofloxacin absorpion after chemotherapy, 836
Cisplatin and carboplatin, comparative clinical pharmacology of, 140S
Clarithromycin-induced digoxin toxicity, 1035
Clostridium difficile diarrhea, recurrent, associated with mitoxantrone and etoposide, 606
Clozapine-induced agranulocytosis and granulocytopenia, *N*-desmethylclozapine is an insensitive marker of, 1300
Colestipol treatment in elderly hypercholesterolemic veterans, effect of pharmaceutical care on, 576
Communication between pharmacists and patients: the role of place of residence in determining the expectations of older adults, 148
Compliance, patient self-reporting of does not correspond with electronic monitoring: an evaluation using isosorbide dinitrate as a model drug, 126
Computer-based infusion system, evaluation of, in achieving constant, targeted plasma procainamide concentrations, 445
Congenital malformations, and anticonvulsants, 561
Cortisone, interferon, and antivirals in the treatment of chronic viral hepatitis: a review of 30 years of therapy, 998
Crohn's disease, serum sickness associated with 6-mercaptopurine in a patient with, 173
Cyclophosphamide and ifosfamide pharmacology, an overview of, 146S
Cystic fibrosis, pharmacokinetics of amiloride after inhalation and oral administration in adults adolescents and with, 263
Cytokine networks with infection: mycobacterial infections, leishmaniasis, human immunodeficiency virus infection, and sepsis, 205
